Dear Assistant Chief Corcoran:

The Pennsylvania Department of Health, Bureau of Emergency Medical Services and the Office of the State Fire Commissioner are pleased to inform you that your service has successfully reached the goals for recognition thru the Pennsylvania Volunteer Rescue Services Recognition program. This achievement shows an outstanding level of commitment to the Fire and EMS Service and to the health and welfare of the citizens of the Commonwealth. Thank you for your participation in the program.

Level of Recognition	Effective Date
Vehicle & Machinery- Advanced	July 13, 2015

This program was developed through the collaboration of the Bureau of EMS, the Office of the State Fire Commissioner and the Rescue Task Force of the Pennsylvania Emergency Health Services Council (PEHSC) to formally recognize those services that meet the goals and successfully complete the recognition program.

Your recognition certificate and decals will be distributed through your regional EMS council. The recognition is valid for three (3) years at which time you can choose to renew your credentials through a re-inspection process. The decals are optional; it is not a requirement of recognition to place the decals on your vehicles. Congratulations on your achievement!

Sincerely,
